Report tx-preparation-2026-09-16-v1

Sources tx-fos-2026-09-16

Reference 11111111-1111-4111-8111-111111111111

A saved comparison of the published business or psychology Field of Study course lists at your selected Texas universities, with shared-course priorities, destination differences, unresolved entries and a printable advising report.

Does not determine admission, full degree completion, official transfer credit, prerequisites at your current college, or acceptance of private, out-of-state, AP/IB or other exam credit.

Reference scope

The state links these 2023 editions today. Its index mentions August 2026 business corrections, but the linked PDF still says July 2023. Confirm your applicable version before enrolling. This saved snapshot does not certify your catalog rights.

Your comparison

University of Houston

3 of 8 listed courses recorded with A/B/C; 1 in progress; 0 need review.

Texas Tech University

2 of 8 listed courses recorded with A/B/C; 1 in progress; 0 need review.

University of North Texas

3 of 8 listed courses recorded with A/B/C; 1 in progress; 0 need review.

Texas A&M University · College Station

3 of 8 listed courses recorded with A/B/C; 1 in progress; 0 need review.

Texas State University

3 of 8 listed courses recorded with A/B/C; 1 in progress; 0 need review.

These counts describe your entries against published lists. They are not transferred-credit totals or an admission score.

Shared courses to discuss with your adviser

Missing or not-completed entries, ordered by how many selected lists include them. This is a discussion priority, not a registration sequence. Confirm local prerequisites before enrolling.

ACCT 2302 - Managerial accounting

On 5 of 5 selected lists: University of Houston; Texas Tech University; University of North Texas; Texas A&M University · College Station; Texas State University.

Not entered

BUSI 1301 - Business principles

On 5 of 5 selected lists: University of Houston; Texas Tech University; University of North Texas; Texas A&M University · College Station; Texas State University.

Not entered

BUSI 2305 - Business statistics

On 5 of 5 selected lists: University of Houston; Texas Tech University; University of North Texas; Texas A&M University · College Station; Texas State University.

Not completed

ECON 2302 - Microeconomics

On 5 of 5 selected lists: University of Houston; Texas Tech University; University of North Texas; Texas A&M University · College Station; Texas State University.

Not entered

MATH 1325 - Business calculus

On 1 of 5 selected lists: Texas Tech University.

Not entered

What changes by destination

A course absent from another Field of Study list may still transfer or meet another requirement there.

BCIS 1305: University of Houston; University of North Texas; Texas A&M University · College Station; Texas State University.

MATH 1325: Texas Tech University.

Resolve before registration

ACCT 2301: in progress; confirm completion and the final grade.

Outside at least one selected Field of Study list: BCIS 1305. Check the destination differences and ask which other requirements these courses may satisfy at each school.

UNT has published course-code discrepancies. Confirm the state-listed electives for your degree; CarryOver does not silently substitute an apparent typo.

Confirm catalog rights, complete Texas Core requirements, major admission, local prerequisites, upper-division work and residency with the colleges. Courses can overlap requirements; do not add this list's credits to a separate core total.

Texas A&M business: an important difference beyond the Field of Study

2026-27; applications August 1, 2026-October 15, 2027. These notes do not evaluate admission eligibility.

The transfer sheet lists a 3.80 minimum GPA and at least 24 transferable hours. Meeting these thresholds does not guarantee admission.

MATH 1325 is an admission prerequisite even though it is not one of A&M's two Field of Study electives. MATH 1324 and ECON 2301/2302 are also required.

Applicants with 30 or more hours have additional accounting, information-systems and statistics requirements. The sheet distinguishes completed work from work in progress.

BUSI 1301 appears in the state curriculum but is not listed as required for Mays transfer admission. Review the sheet's residence requirement before deciding to take it for A&M alone.

Official transfer sheet: https://admissions.tamu.edu/_files/26-27-transfer-course-sheets/2026-2027-buad-tcs.pdf
